**Cod: 111900011002834**

# Electric countertop fry top with smooth griddle, 7.2 kW, 60×60×28h cm

## Description

Electric countertop fry top, stainless steel construction. Knobs made from heat-resistant material with functional screen-printed markings on the rim.

Heating is provided by tubular heating elements with a stainless steel sheath, positioned in direct contact with the cooking plate. The temperature of the cooking plate is controlled by a thermostat. Operating temperatures between 90°C and 300°C. Manual reset safety thermostat to protect against equipment malfunctions.

A single, large, thick cookingplate with a smooth finish, ensuring excellent heat transfer. Welded splash guard. The plate is mounted on the worktop at a slight angle to allow grease to drain towards the outlet.

Smooth cooking plate.

AISI 304 stainless steel worktop with wide-radius rounded edges for easy cleaning. Front, side and rear cladding in stainless steel.

Large opening in the cooking surface to drain fat into a container situated beneath the cooking surface. Fat collection container supplied as standard.

Laser-cut worktop finish to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

. 100% Made in Italy.
