**Cod: 117600013404**

# Stainless steel sink with cabinet, 50×70×95h cm, 1 bowl, VS

## Description

### Why buy it?

**The VS single-bowl stainless steel sink with cabinet** is designed to ensure functionality, hygiene and durability in any professional setting. Thanks to its practical design and technical features, it is an essential solution for restaurant kitchens, cafés and workshops.

Key features

- **High-quality materials**: made from a combination of **SS201 and 304** stainless steel, it ensures corrosion resistance, ease of cleaning and a long service life. Ideal for environments where hygiene is paramount.
- **Adjustable feet for a perfect fit**: the adjustable feet allow the sink to be adapted to uneven surfaces, ensuring stability and safety during use.
- **Extra protection with raised edges and a base panel**: the raised edges help prevent water spillage, keeping the work area clean and tidy. The base panel adds further protection and stability to the structure.
- **Certified hygiene standards**: designed to meet the highest **standards of hygiene and cleanliness**, it is ideal for all food industry operations.
- **Scotch-Brite finish for a professional look**: the Scotch-Brite finish not only gives it a stylish, modern look, but also makes the sink's surface more resistant to scratches and stains.
