Cod: 112150000042016

4-burner gas hob with pilot light and fan-assisted electric oven, 80×70×85h cm

Description

4-burner gas hob with a fan-assisted electric oven, stainless steel body. Press-formed, double-walled oven door with a sturdy handle. Knobs made from thermosetting plastic.

Heating is provided by sealed burners with a stabilised, overlapping crown flame, offering different power ratings (6.2 kW and 8.5 kW).

Each burner is fitted with a safety gas valve that allows the output to be adjusted from maximum to minimum. Safety is ensured by a thermocouple maintained active by the pilot burner flame.

Hob grids and burners made from RAAF matt-enamelled cast iron, resistant to alkalis, acids and fire.

Hob grilles are positioned on a moulded base with rounded edges to ensure ease of cleaning and to protect against spilt liquids.

Moulded stainless steel drip pans with rounded edges are positioned beneath the burners and can be easily removed for cleaning.

1/1 GN electric fan-assisted oven. Removable stainless steel oven rack. Oven base made of thick steel and reinforced with a series of ribs.

Insulation of the cooking chamber and oven door is provided by a layer of high-temperature-resistant ceramic fibre.

The oven is heated by special high-temperature-resistant steel heating elements positioned beneath the base and on the ceiling of the cooking chamber. Air circulation is provided by a stainless steel fan driven by a powerful electric motor.

Various heating modes can be selected, including both static and fan-assisted heating, as well as bottom-up radiant heating, grill heating and all-round heating.

Fitted with a thermostat that allows the temperature to be adjusted between 90°C and 300°C. Manual reset safety thermostat to prevent overheating.

Laser-cut worktop finish to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

Height-adjustable stainless steel feet.

Testing carried out using natural gas or LPG, depending on the user’s requirements.

. 100% Made in Italy.

Dimensions

External dimensions	800x700x850 mm

Technical specifications

Burner Power	6.2 (x2) kW, 8.5 (x2) kW
Gas Power	29.4 kW
Net weight	125 kg

Operating temperature	+90 +300 °C
Oven Power	3.65 kW
Power supply	Electric, Gas
Voltage	400 V
