Cod: 3388

Induction hob, power 0.5–2.7 kW

Description

Induction hob with power settings ranging from 0.5 to 2.7 kW. LED display and electronic overheating protection. Operating temperature range: +60°C to +240°C. Stainless steel frame and glass-ceramic hob.

Dimensions

Exhibition plan	280x280 mm
External dimensions	320x368x106 mm
Flat diameter	260 mm
Packaging dimensions	430x365x135 mm

Technical specifications

Cooking temperature	240 °C
Electrical Power	2.7 kW
Frequency	50/60 Hz
Material	stainless steel
Maximum power	2.7 kW
Minimum power	0.5 kW
Net weight	8 kg
Voltage	230 V
Weight including packaging	10 kg
