Cod: 110520021343432

Black ice-cream display counter with straight glass panels, 12 flavours, forced-air cooling, 120×109.5×135h cm – 12–22 °C

Description

Why buy it?

The **12-flavour Straight-Sided Glass Ice Cream Display Counter** is the ideal solution for anyone looking for an elegant, compact and highly functional display unit. Thanks to its modern design with **straight-sided glass** and internal LED lighting, it showcases every ice cream flavour to its best advantage, making it irresistible to customers. Perfect for ice-cream parlours, cafés, kiosks and summer venues, it guarantees **optimal storage**, ease of use and maximum hygiene. It is a smart investment for anyone wanting a flawless display with all the latest technological features.

Key features

- **Straight glass panels for excellent visibility**
  The design with **a straight front glass panel** gives it an elegant and modern look, whilst ensuring a clear and direct view of every tub. Ideal for catching customers' attention and helping them make their choice.
- **Ventilated cooling for a uniform temperature**
  The **ventilated refrigeration** system ensures even distribution of cold air across the entire surface, keeping the ice creams at the perfect temperature even on the hottest days, without any risk of spoilage or temperature fluctuations.
- **Energy-efficient internal LED lighting**
  The LED lighting highlights every colour and texture of the ice cream, enhancing the display whilst contributing to energy savings thanks to its low power consumption and long lifespan.
- **Double-glazed, sliding tempered glass for hygiene and convenience**
  The display cabinet is fitted with **double-glazed, tempered glass** with **a sliding mechanism**, ensuring maximum hygiene, optimal thermal insulation and easy access for staff.
- **Digital temperature controller and display**
  Thanks to **the digital temperature controller** with **LED display**, you can easily set and monitor the internal temperature, ensuring precise temperature control.
- **Automatic defrost system**
  Automatic defrosting prevents ice build-up inside the display cabinet, reducing maintenance and ensuring consistent performance over time.
- **Mobile unit with lockable castors**
  Fitted with **4 castors**, **2** of which **have brakes**, for easy and safe manoeuvring. Perfect for those who need flexibility in organising their space.
- **Ideal capacity with 12 x 5-litre trays included**
  The display **unit** comes with **12 trays**, each with a capacity of 5 litres (36x16.5x11.5h cm), ideal for serving a wide range of flavours without compromising on storage quality.
