Cod: 12693

Black four-sided glass-fronted refrigerated display fridge for drinks and pastries, 58 litres, +2 to +10 °C, 44.7 × 40 × 81.9h cm, new, with transport damage

Description

Why buy it?

If you're looking for an elegant and professional display for your drinks or patisserie creations, this **four-sided glass display fridge** is the perfect choice. It combines **modern design**, **maximum visibility from every angle** and **advanced refrigeration technology** , offering ease of use and optimal performance. It is ideal for cafés, patisseries, hotels and any retail outlet wishing to showcase its chilled products.

Key features

- **360° visibility thanks to double-glazed panels on all four sides**
  The **transparent double-glazed panels** on all four sides offer a **complete view of the contents**, showcasing every displayed product to its best advantage. Excellent for attracting customers' attention and encouraging impulse purchases.
- **Internal LED lighting for perfect display**
  The integrated LED lighting creates a **uniform, bright light** that enhances the freshness and colour of the products without overheating the interior. It also helps to save energy.
- **Electronic thermostat with digital display**
  The control system allows you to **monitor and precisely adjust the temperature**, maintaining it constantly between **+2 and +10 °C** – ideal for drinks and fresh bakery products.
- **Ventilated cooling system**
  Ventilated cooling ensures an **even distribution of cold air** inside the display cabinet, preventing hot spots and keeping all products in the same ideal conditions.
- **Automatic defrost**
  The **automatic defrost** system removes ice build-up without the need for manual intervention, maintaining the appliance's efficiency and cleanliness.
- **Anti-fogging system for the glass**
  Thanks to the anti-fog system, the glass remains **clear even in humid environments or where there are significant temperature fluctuations**, ensuring maximum visibility of the displayed products at all times.
- **Adjustable PVC-coated shelves**
  The **four adjustable shelves** allow you to organise the interior flexibly according to the size of the products. The PVC coating makes cleaning easier and increases the unit's lifespan.
- **Separate power switch**
  A **dedicated** power **switch** simplifies day-to-day operation, preventing accidental switch-offs and improving ease of use.

Technical specifications

- **External dimensions:** 44.7 x 40 x 81.9h cm
- **Capacity:** 58 litres
- **Climate class:** 4
- **Energy efficiency class:** B
- **Refrigerant:** R134A / R600A
- **Electrical power:** 0.20 kW
- Power**supply:** Electric
- **Operating temperature:** +2 / +10 °C
- **Net weight:** 30 kg
- **Gross weight:** 32 kg
- **Refrigeration type:** Ventilated
- **Defrosting:** Automatic
- **Shelves supplied:** 2 adjustable

NB: The product has some imperfections caused by transport.

Dimensions

External dimensions	447x400x819 mm
Packaging dimensions	502x456x860 mm

Technical specifications

Capacity	58 Lt
Climate class	4
Defrosting	automatic
Electrical Power	0.20 kW
Energy efficiency class	B
Net weight	30 kg
Operating temperature	+2 +10 °C
Power supply	Electric
Refrigerant gas	R600A
Refrigeration	ventilated
Weight including packaging	32 kg

Standard equipment

Included	2 adjustable racks
