Cod: 13508

Double-handled pan with a lava-stone-effect finish, suitable for induction hobs, Ø 28 cm

Description

Why buy it

This pan with two handles and a lava-stone-effect coating helps you cook and finish off dishes in a shallow pan. A useful choice for putting together the equipment you need for your business and tailoring your operations to the type of service required.

Key features

- **Easy access to the contents:** The shallow design makes it easy to access the contents whilst cooking, which is useful for monitoring and stirring ingredients in suitable dishes.
- **28 cm diameter:** The size of this model allows you to determine the scale of your cooking and choose the utensil or pan best suited to your planned dishes.
- **Induction-compatible:** This variant is suitable for use on induction hobs, allowing it to be integrated into your cooking setup, provided the hob's usable diameter is checked.

Technical specifications

- **Product dimensions:** 28x28x7h cm
- **Net weight per unit:** 2.7 kg
- **Diameter:** 28 cm
- **Construction and functional features:** These pans heat up very quickly thanks to their thick base and the material from which it is made. They retain heat for longer.
