Description

Why buy it?

A **professional gas cooker** with an integrated electric oven is the perfect choice for anyone seeking **maximum efficiency and reliability** when preparing meals. Thanks to its **six independent hobs**, a spacious **fan-assisted oven** and high-quality materials, this model guarantees high performance in the kitchen, optimising cooking times and results. Its functional design, comprehensive features and **pilot flame** make this unit a sound investment for businesses in the Ho.Re.Ca. sector.

Key features

- **Stainless steel construction**
  Sturdy, hygienic and built to last, the **stainless steel** construction is ideal for professional environments. It ensures easy daily cleaning and resistance to impact, corrosion and high temperatures.
- **6 burners with vitrified cast-iron grills**
  Equipped with **six burners** – **three at 3.5 kW and three at 6 kW** – the hob allows you to handle several dishes simultaneously, from quick cooking to more demanding tasks. The **vitrified cast iron grates** provide stability for pans and ensure even heat distribution.
- **Integrated pilot flame**
  The **pilot flame** ensures the burner reignites immediately, improving energy efficiency and guaranteeing continuous operational safety. A real advantage in fast-paced kitchens.
- **Ventilated thermoelectric oven**
  The **3 kW** oven guarantees even cooking thanks to its **internal ventilation system**, which distributes heat uniformly. Perfect for cooking up to **4 GN 1/1 trays** simultaneously, with **a 7.5 cm gap between trays** – ideal for a smooth, uninterrupted workflow.
- **Lower open compartment**
  The base of the unit features an **open compartment** for storing trays, utensils or cookware, providing extra storage space that's always within easy reach.
- **Height-adjustable feet**
  The stainless steel feet are **adjustable** to adapt perfectly to any surface and to facilitate cleaning underneath the unit, ensuring hygiene and practicality.
- **Included accessories**
  The package includes **1 GN 1/1 rack** for the oven. Everything you need to start cooking professionally straight away.
