Cod: 103891996

Stainless steel sink, 50×60×85h cm, 1 bowl with splashback, EC

Description

The **single-bowl stainless steel sink with EC splashback** for the catering industry is the **ideal solution for cleaning and washing up**.

It is one of the essential pieces of kit for any professional kitchen, capable of adapting easily to a variety of requirements.

High-quality stainless steel and **a compact, minimalist design** make this Ristoattrezzature sink particularly suitable for any space and any interior style. Recommended for small and medium-sized catering establishments: cafés, pubs, cookery schools and pizzerias.

Design and functionality

The **single-bowl stainless steel sink with EC splashback** for bars is versatile and functional. The external dimensions are **50 x 60 x 85h cm**, whilst the **bowl dimensions** are **40 x 40 x 25h cm**.

The design is technical and features a robust, durable structure made from AISI 304 18/10 stainless steel. It meets the highest standards of hygiene and is antibacterial and corrosion-resistant.

The Ristoattrezzature **single-bowl stainless steel sink with EC splashback** has **4 adjustable feet** and **1 adjustable shelf** at the bottom for storing plates and glasses. Finally, a **practical rear splashback** makes washing up even easier, preventing water or dirt from splashing onto the walls.

Optimise the washing of plates and glasses to offer customers a consistently top-quality service. Choose the ideal professional equipment from the catalogue and **ensure cleanliness and shine with quick washing times**.

Cleaning and maintenance

The EC single-bowl stainless steel sink with splashback for small kitchens is quick and easy to clean. Make sure you carry out this task to ensure the longevity of your professional equipment. Use a soft cloth and a mild detergent. Finally, allow it to dry thoroughly.

Why this is the right product for you

The Ristoattrezzature **single-bowl stainless steel sink with EC splashback** is a piece of professional equipment suitable for small and medium-sized premises.

Its **simple, compact design** is one of its key strengths. It is designed to optimise washing times in a small space and in a short time.

The **four height-adjustable legs** cater to the individual operator’s needs and make their work easier. The **shelf at the bottom** provides a useful additional work surface.

- **Functional**
- **Practical**
- **Versatile**.

Finally, **the single-bowl stainless steel sink with EC splashback** for bars has another key feature: modularity, meaning **it can be combined with other stainless steel sinks or professional equipment**. Browse our online catalogue and discover the ideal dimensions for a functional kitchen design. Choose the ideal optional extras to complement our equipment according to your needs and **read the technical specifications to find out more**.
