Cod: 106212020000

Stainless steel sink, 120×70×85h cm, 1 bowl with left-hand cantilevered drainer, dishwasher compartment, shelf and EC splashback

Description

Utility and practicality are the features that make a sink an essential part of any kitchen. The Ristoattrezzature catalogue features a range of models, with particular attention paid to the choice of materials.

Choose to equip your workspace intelligently and speed up all your dishwashing tasks, offering customers a **prompt and, above all, safe service**.

Ristoattrezzature's **single-bowl stainless steel sink with a left-hand cantilevered drainer, dishwasher compartment, shelf and EC splashback** is a useful addition to any kitchen, designed to make cleaning easier.

In fact, the design is conceived to optimise both time and space. This particular model features a shelf at the bottom for storing crockery, a drainer on the left where you can place it, and the space underneath for installing your dishwasher.

Particularly suitable for small and medium-sized catering businesses, the sink ensures a smooth washing process before the crockery goes into the dishwasher. Choose the ideal size from the catalogue and **select from the available optional extras**.

Design and operation

The single-bowl stainless steel sink with a left-hand cantilevered drainer, dishwasher compartment, shelf and EC splashback for pizzerias is a product characterised by its compact footprint and maximum practicality.

The external dimensions are **120 x 70 x 85h cm**, whilst the **bowl dimensions** are **50 x 50 x 25h cm**.

Both the internal and external structure is made from **AISI 304 18/10 stainless steel**: **sturdy, durable and easy to clean**.

It fits easily even into small spaces and will prove to be a perfect ally in the kitchen. The **stainless steel sink** comprises:

- **1 bowl**
- **1 EC splashback** to contain water and dirt on the walls
- **1 shelf** for storing crockery
- **1 drainer on the left**
- **1 dishwasher compartment**
- **4 adjustable feet**.

Choose Ristoattrezzature quality and be impressed by the durability of the materials and the high functionality of our stainless steel units.

Cleaning and maintenance

Our products are manufactured in **compliance with current regulations**, using hygienic and easy-to-clean materials. Cleaning is one of the essential tasks in any kitchen to ensure the highest standard of service at all times.

The **single-bowl stainless steel sink with a left-hand overhanging drainer, dishwasher compartment, shelf and EC splashback** for restaurants is easy to clean thanks to its clean lines and rounded corners.

Clean it daily using the appropriate products. **Here at Ristoattrezzature, we recommend non-abrasive sponges** to avoid scratching the surface, and a **mild detergent** that preserves the steel's protective film.

Why this is the right product for you

The **single-bowl stainless steel sink with a left-hand overhanging drainer, dishwasher compartment, shelf and EC splashback** for kitchens is a professional piece of equipment designed to ensure a smooth workflow when preparing dishes.

One of the key strengths of our equipment is its ease of adaptation to any setting and its modular design. Combine the sink with the equipment you need for your professional activity to ensure a practical and highly functional workspace.
