Cod: 106222001

Stainless steel sink, 100×60×85h cm, 2 bowls with splashback, EC

Description

The EC double-bowl stainless steel sink with splashback for restaurants and pizzerias is an essential piece of professional kitchen equipment for washing crockery quickly and thoroughly.

It is often one of the first pieces of catering equipment to be installed in a professional kitchen.

Compact design and high-quality materials form the basis of the sinks featured in the Ristoattrezzature catalogue. **Durability and reliability** in a single product.

Particularly suitable for small and medium-sized catering businesses. **Select the model best suited to your needs on our website** and discover all the features with a single click.

Design and functionality

The EC 2-bowl stainless steel sink with splashback for pizzerias is a practical and versatile product. The external dimensions of this particular model are **100x60x85h cm**, whilst the **bowl dimensions** are **40x40x25h cm**.

It is constructed entirely from **AISI 304 18/10 stainless steel**: one of the most commonly used materials in the kitchen. It is **durable, antibacterial and corrosion-resistant**.

The **2-bowl stainless steel sink with EC splashback** for kitchens is also characterised by a splashback that prevents water and dirt from splashing onto the walls. At the bottom, it features a **middle shelf** on which to store dry, clean crockery or any professional kitchen equipment. Finally, it is fitted with **four adjustable feet** to adapt to the height of each individual user.

Choose to optimise washing times in the kitchen and offer your customers a **fast, consistently top-quality service**.

Cleaning and maintenance

The **EC double-bowl stainless steel sink with splashback** for catering is easy to clean. Its clean, simple lines and rounded corners make this task straightforward.

Carry out this cleaning regularly to ensure the product remains as good as new over time. Simply use:

- **lukewarm water**
- **a soft cloth**
- a**mild detergent**.

Finally, allow it to dry thoroughly and it’s ready for use again.

Why this is the right product for you

The Ristoattrezzature **EC double-bowl stainless steel sink with splashback** is an essential piece of professional equipment for ensuring the kitchen’s production line runs smoothly. Perfect for small and medium-sized businesses. **Particularly suitable for bars, patisseries, restaurants and bakeries**.

Its **compact design** is one of its key strengths, and the **four height-adjustable legs** make it particularly adaptable to individual needs. Professional-grade equipment:

- **Sturdy**
- **Practical**
- **Modular**
- **Versatile**.
