Cod: 104150032393133

Three-phase electromechanical glasswasher with a 50×50 cm square basket and built-in rinse aid dispenser

Description

Why Buy It?

This **professional glasswasher** is an indispensable ally for anyone running a bar or restaurant. Thanks to its robust stainless steel construction and electromechanical technology, it guarantees high performance and a long service life. Ideal for those seeking **efficiency, reliability and energy savings**, it delivers impeccable cleaning results even on the busiest days.

Key features

- **High-quality stainless steel construction**
  Corrosion-resistant and built to last, this glasswasher is perfect for intensive use in professional settings such as bars and restaurants.
- **50x50 cm square basket**
  The ideal dimensions for accommodating both crockery and glasses, optimising the available space and ensuring uniform cleaning even of the most delicate items.
- **High-performance washing system**
  The spray arms and jets ensure an even distribution of water, guaranteeing impeccable results even with stubborn dirt.
- **Energy efficiency**
  The special integrated heating elements offer a significant reduction in energy and electricity consumption, making this dishwasher a sustainable and cost-effective choice.
- **Ease of use thanks to electromechanical controls**
  The simple and intuitive controls allow for quick and hassle-free operation, reducing the time needed to train staff.

Technical specifications

- **Dimensions and capacity**:
  Useful height: **33 cm**
  Basket dimensions: **50x50 cm**
  External dimensions: **58.5x65x84h cm**
  Boiler capacity: **7 litres**
  Tank capacity: **18 litres**

- **Performance and power**:
  Electrical power: **5.1 kW**
  Boiler heating element: **4.5 kW**
  Tub heating element: **2.5 kW**
  Pump power: **0.65 kW**
  Pressure: **2–4 bar**
  Cycle time: **180 seconds**

- **Power supply and voltage**:
  Power supply: **Mains**
  Frequency: **50/60 Hz**
  Voltage: **230 V**

- **Included in the pack**:
  1 plate basket
  1 glass basket
  1 rinse aid dispenser

N.B.

The product is supplied without a drain pump. If you have a wall-mounted drain rather than a floor drain, you will need to purchase the drain pump together with the machine; another solution would be to raise the machine using a support so that it is higher than the drain. However, you can always purchase the drain pump at a later date and have it fitted by your own technician at your own expense.

PLEASE NOTE: with a floor drain and the correct gradient, A DRAIN PUMP IS NOT REQUIRED. If, however, the wall drain hole is more than 10 cm away, you must use the drain pump.

Dimensions

Basket dimensions	500x500 mm
Clear height	330 mm
External dimensions	585x650x840 mm
Packaging dimensions	700x650x900 mm

Technical specifications

Boiler capacity	7 Lt
Boiler heating element	4.5 kW
Cycle time	180 "
Electrical Power	5.1 kW
Frequency	50/60 Hz
Net weight	60 kg
Power supply	Electric
Pressure	2 - 4 bar
Pump power	0.65 kW
Rinse temperature	85 °C
Tank capacity	18 Lt
Tub resistance	2.5 kW
Voltage	380 V
Wash temperature	55 °C
Weight including packaging	70 kg

Standard equipment

Included	1 basket for plates, 1 basket for glasses and 1 rinse aid dispenser
