Cod: 10819007261285

Class A curved-glass ice-cream display cabinet, 7 flavours, 130.5 × 63.5 × 124h cm, temperature range -13 to -23°C

Description

Why buy it?

If you're looking for a display cabinet to **showcase and store ice cream** in style and with efficiency, this model is the ideal solution for your ice cream parlour, café or patisserie. Thanks to its **curved glass**, it offers an excellent view of the product, catching customers' attention. The unit is designed to ensure **perfect preservation** of the ice cream, maintaining constant temperatures between **-13°C and -23°C**. Furthermore, its **LED lighting** showcases every flavour, making the display even more inviting. Fitted with **4 castors**, it can be easily moved around the premises, whilst the **sliding glass doors** facilitate service and maintenance.

Key features

- **Curved glass design**
  The **curved glass panels** offer better visibility of the ice cream on display, making it more appealing to customers. This elegant design is perfect for creating an attractive display, enhancing the visual impact of your premises.
- **Capacity for 7 flavours**
  The counter can hold up to **7 tubs measuring 36x16.5x12h cm** (not included), allowing you to offer a variety of flavours to suit every preference.
- **Sturdy and durable construction**
  The outer surface is made from **pre-painted sheet metal with an anti-corrosion treatment**, ensuring resistance to wear and tear and a long service life. The interior, on the other hand, is made from **hammered aluminium**, a material that makes cleaning easy and guarantees impeccable hygiene.
- **Optimal temperature control**
  Thanks to **the mechanical thermometer**, you can constantly monitor the internal temperature, maintaining it between **-13°C and -23°C** to keep the ice cream at the ideal consistency.
- **Integrated LED lighting**
  The LED lighting inside the display cabinet enhances the colours of the ice cream, improving its presentation and making it even more appealing to customers.
- **Ease of movement**
  Fitted with **4 castors**, this display cabinet can be easily moved to suit the needs of your premises, making it practical and versatile.
- **Sliding glass doors**
  The **rear sliding doors** allow quick and easy access to the ice cream, speeding up service whilst maintaining a constant temperature inside the display cabinet.
- **Energy efficiency**
  With a **power consumption of just 0.3 kW** and **R290** refrigerant, this display cabinet ensures **low energy consumption** and a reduced environmental impact.

Technical specifications

- **External dimensions:** 130.5 x 63.5 x 124h cm
- **Internal dimensions:** 118 x 51 x 56h cm
- **Power supply:** Electric
- **Energy efficiency class:** A
- **Frequency:** 50 Hz
- **Refrigerant:** R290
- **Gross weight:** 115 kg
- **Net weight:** 105 kg
- **Electrical power:** 0.3 kW
- **Refrigeration system:** Static
- **Defrosting:** Manual
- **Operating temperature:** -13 / -23 °C
- **Thermometer:** Mechanical

- **Voltage:** 230 V

Dimensions

External dimensions	1305x635x1240 mm
Internal dimensions	1180x510x560 mm
Packaging dimensions	1350x690x1290 mm

Technical specifications

Defrosting	manual
Electrical Power	0.3 kW
Energy efficiency class	A
Frequency	50 Hz
Net weight	105 kg
Operating temperature	-13 -23 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	static
Thermometer	mechanical
Voltage	230 V
Weight including packaging	115 kg
