Cod: 108340020622630

Professional gas fry-top on a cabinet with ribbed griddle, 10 kW, 40×90×114h cm

Description

Why buy it?

If you're looking for professional-grade equipment that combines **robust construction**, **high performance** and **ease of use**, this gas fry top is the ideal solution. Designed to last and to cope with intense workloads, it offers a large cooking surface and simple, intuitive operation, perfect for quick and precise cooking. Its compact design, complete with an under-unit cabinet, makes it perfect even for kitchens where space is limited, whilst ensuring both tidiness and functionality.

Key features

- **Gas-fired for maximum power and control**
  Thanks to **its 10 kW power output**, this professional fry top quickly reaches high temperatures, delivering high performance even during the busiest service periods. The gas power source ensures optimised fuel consumption and precise heat control, ideal for even cooking.
- **Durable and hygienic stainless steel construction**
  Made entirely from **stainless steel**, the fry top is extremely resistant to corrosion and daily wear and tear. This feature also makes it **easy to clean** and compliant with HACCP standards for food hygiene.
- **Ribbed steel griddle for perfect grilling**
  The **ribbed** steel **griddle** ensures even cooking with characteristic grill marks, perfect for meat, fish and vegetables. It also enhances the visual appeal of the dish, bringing out the best in every preparation.
- **Quick and safe piezoelectric ignition**
  The piezoelectric ignition ensures the burner starts up easily and instantly, without the need for matches or lighters. A safe and reliable solution to speed up cooking times.
- **Cabinet with integrated hinged door**
  The fry top is mounted on **a unit with a hinged door**, ideal for utilising the space underneath as storage for utensils, accessories or a gas cylinder. A practical option for those who want a tidy and functional kitchen.
- **Residue collection drawer included**
  Equipped with **a pull-out drawer to collect cooking residues**, this fry top makes daily cleaning easier and keeps the work area tidy at all times. Simply pull it out and empty it for quick maintenance.
- **½-inch gas connection hose included**
  The package includes a **½-inch connection hose**, compatible with the main professional gas systems, for simple and immediate installation.
- **Methane to LPG conversion kit included**
  Should you have specific requirements, you can use the **natural gas to LPG conversion kit**, supplied as standard, to adapt the appliance to the type of fuel supply available at your premises.

Technical specifications
