Cod: 108350142627

14 kW countertop gas lava stone fry top, 80×70×54.7h cm

Description

Why buy it?

The **countertop gas-fired lava stone fry top** is an essential piece of equipment for anyone seeking **versatility, durability and excellent performance** in the kitchen. Perfect for bars, restaurants and professional kitchens, this product guarantees optimal results thanks to a combination of durable materials and advanced technological solutions.

Key features

- **Made from stainless steel**
  The stainless steel construction ensures **strength, durability** and makes daily cleaning easy. It is designed to withstand intensive use, whilst maintaining a professional and hygienic appearance.
- **Gas lava stone grill**
  The lava stone ensures **even heat distribution**, guaranteeing perfect cooking results and authentic flavours. Ideal for grilling meat, fish and vegetables whilst preserving their natural flavour.
- **Piezoelectric ignition system**
  Thanks to the piezoelectric ignition, the fry top is ready for use in a matter of moments. This system makes daily use **simple and safe**, with no need for matches or lighters.
- **Integrated residue collection drawer**
  The handy drawer collects cooking residues, making cleaning easier and keeping your work area tidy at all times.
- **1/2-inch gas connection hose**
  The standardised connection simplifies installation and ensures a **safe and stable connection** to the gas mains.
- **Natural gas to LPG conversion kit**
  Included in the pack, this kit allows you to convert the fry top's fuel supply from natural gas to LPG, making it **compatible with any available gas system**.

Technical Specifications

- **External dimensions:** 80x70x54.7h cm
- **Dimensions of front cooking surface:** 71.2 x 53.5 cm
- **Material:** stainless steel
- **Fuel:** gas
- **Net/gross weight:** 65 kg / 94 kg
- **Gas output:** 14 kW

Dimensions

Dimensions of the first cooking surface	712x535 mm
External dimensions	800x700x547 mm
Packaging dimensions	875x815x605 mm

Technical specifications

Gas Power	14 kW
Material	stainless steel

Net weight	65 kg
Power supply	Gas
Weight including packaging	94 kg

Standard equipment

Included	Residue collection tray and conversion kit from natural gas to LPG.
