Description

Why buy it

This deep, flared, non-stick stainless steel frying pan is ideal for browning, stir-frying or finishing dishes on the hob. A practical choice for equipping your business with the necessary kit and tailoring operations to the type of service required.

Key features

- **Ingredient management:** The shape of the pan provides a surface for arranging and moving ingredients during suitable cooking processes, making it ideal for quick cooking and finishing touches.
- **On-the-spot preparation:** It allows you to organise your equipment for express service and for creaming, choosing the variant best suited to the recipe and the heat source.
- **Non-stick surface:** The coating helps ensure that food releases easily and facilitates cleaning of the surface; use utensils and maintenance methods suitable for the coating.
