## Stainless steel refrigerated freezer cabinet with 1 glass door, 546 litres, ventilated, -20 to -15°C

### Description

Clean and elegant, thanks to the glass door, the flush-mounted digital control panel with an independent main switch, and the distinctive design of the top panel and door. This model represents the perfect combination of technology and manufacturing expertise, featuring a self-closing door and moulded guides to aid the cleaning process, save space inside the cabinet and enable the three standard-fit GN 2/1 shelves to support a heavier load than average. Our refrigerated cabinet is environmentally friendly and energy-efficient, thanks to the eco-friendly R290 refrigerant and 8 cm of insulating foam on each side. Internal LED lighting, a standard lock and height-adjustable feet all contribute to making this professional refrigerator a top-of-the-range product.

### Dimensions

| | |
|---|---|
| External dimensions | 700x824x2045 mm |
| Internal dimensions | 534x685x1485 mm |
| Packaging dimensions | 720x845x2110 mm |

### Technical specifications

| | |
|---|---|
| Capacity | 546 Lt |
| Defrosting | hot gas |
