Cod: 10964011408007

Ventilated refrigerated cabinet with 1 glass door, stainless steel exterior, 538 litres, 0–8 °C

Description

Why buy it?

This **professional refrigerated display cabinet** is the ideal solution for those seeking **efficiency, capacity and style** in a single product. Designed to ensure optimal **food preservation** and **perfect visibility of the displayed products**, it combines high performance with a refined aesthetic, thanks to **its stainless steel body** and**glass door** that showcases the contents. It is the perfect choice for restaurants, bars, patisseries and shops looking for a robust, quiet and consistently reliable fridge.

Key features

- **Stainless steel construction**
  Made entirely from **high-quality stainless steel**, this refrigerated cabinet ensures **durability, hygiene and a long service life**, even in demanding working environments. The material is easy to clean and retains a consistently shiny, professional appearance over time.
- **Ventilated refrigeration**
  The **ventilated cooling** system distributes the temperature evenly throughout the interior, preventing hot or cold spots. This ensures that every food item or drink is kept at **the ideal temperature** for optimal preservation.
- **Clear glass door**
  The tempered glass door allows you to **easily view the contents** without having to open the door, thereby reducing heat loss. It is perfect for those who wish **to display their products** in an elegant and functional way.
- **Internal LED lighting**
  The interior is fitted with **energy-efficient LED lighting**, which shows off the stored food and drinks to their best advantage, making them more visible and appealing. Ideal for premises open to the public such as cafés, delis and bistros.
- **Electronic thermostat with digital display**
  The **electronic thermostat** allows for **precise temperature control**, ensuring ideal storage conditions at all times. Easy to set, it maintains the desired temperature consistently whilst **maximising energy efficiency**.
- **Generous capacity and internal organisation**
  With a **capacity of 538 litres** and **3 shelves measuring 65x52.7 cm plus 1 measuring 65x29.7 cm**, it offers ample space to organise products in a neat and functional manner, optimising workspace.
- **Reliable energy performance**
  Thanks to **its energy efficiency class B rating** and **the eco-friendly R600A refrigerant**, this fridge cabinet ensures **excellent energy efficiency** and a reduced environmental impact, in full compliance with current regulations.
- **Automatic defrost functions**
  The **automatic defrost** system prevents ice from forming on the internal walls, reducing the need for maintenance and ensuring **efficiency and hygiene** at all times.

Technical specifications

- **External dimensions:** 77.5 x 75 x 186h cm
- **Internal dimensions:** 63.5 x 46 x 162.7h cm
- **Capacity:** 538 litres
- **Cooling system:** fan-cooled
- **Operating temperature:** 0° / +8 °C
- **Defrosting:** automatic
- **Energy efficiency class:** B
- **Refrigerant:** R600A
- Power**supply:** 230 V – 0.280 kW
- **Included:** 3 shelves 65x52.7 cm + 1 shelf 65x29.7 cm

Dimensions

External dimensions	775x750x1860 mm
Internal dimensions	635x460x1627 mm
Packaging dimensions	805x515x2003 mm

Technical specifications

Capacity	538 Lt
Defrosting	automatic
Electrical Power	0.280 kW
Energy efficiency class	B
Net weight	115 kg
Operating temperature	0 +8 °C
Power supply	Electric
Refrigerant gas	R600A
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	135 kg

Standard equipment

Included	3 shelves measuring 65 x 52.7 cm + 1 shelf measuring 65 x 29.7 cm
