Cod: 11904002099011

Stainless steel refrigerated cabinet with 2 doors, 1,400 litres, ventilated, -2 to +8 °C, tropicalised, energy-efficient – AH

Description

Why buy it?

If you're looking for a **reliable, spacious and professional-grade refrigerated cabinet**, this **1,400-litre double-door** model is the perfect choice. Made from **stainless steel**, it offers uniform forced-air cooling, excellent performance even in extreme climates and intuitive operation thanks to **its touchscreen display**. Ideal for restaurants, patisseries, hotels and catering businesses.

Key features

- **Easy-to-replace integrated unit**
  The refrigeration system is designed for quick and easy maintenance. If necessary, the unit can be easily replaced, minimising downtime and ensuring maximum efficiency at all times.
- **Intuitive touchscreen display**
  The **touch-screen panel** allows for simple and immediate control of the internal temperature, ensuring optimal food preservation with extreme precision.
- **Internal LED lighting**
  The integrated LED light provides **bright, efficient illumination** inside the cabinet, ensuring perfect visibility even in the most hidden corners.
- **Internal capacity of 1,400 litres with 6 shelves and 6 pairs of rails**
  Ample, well-organised space for storing large quantities of food. The **6** adjustable **shelves** and **6 pairs of rails** provided offer **flexibility** in the internal layout.
- **Ventilated cooling for consistent temperatures**
  The **ventilated cooling** system maintains an even temperature distribution between **-2 and +8 °C**, protecting food from ice build-up and ensuring optimal preservation.
- **Tropicalised motor for high temperatures**
  This fridge cabinet is designed to operate even in **hot environments** up to **43 °C**, thanks to its tropicalised motor. An ideal choice for professional kitchens and environments with challenging climatic conditions.
- **Automatic defrost**:
  This function minimises ice build-up, ensuring consistent efficiency and saving time on maintenance.
- **Key-operated lock for added security**
  Fitted with a **key-operated lock**, this refrigerated cabinet ensures the protection of stored food, making it ideal for shared spaces or premises open to the public.
- **Durable and hygienic stainless steel construction**
  The **stainless steel** exterior and interior ensure **durability**, corrosion resistance and quick and easy cleaning – essential in professional environments.
- An **energy-efficient refrigerated cabinet** helps you save on your electricity bill, keep food at the right temperature, reduce your environmental impact and enhance your business's green credentials. It also offers a longer service life, quiet operation and the potential to qualify for tax incentives.

Technical Specifications

- **External dimensions:** 148x83x201h cm
- **Capacity:** 1400 litres (net 1340 litres)
- **Cooling system:** Ventilated
- **Operating temperature:** -2 to +8 °C
- **Maximum ambient temperature:** 43 °C
- **Refrigerant:** R290
- **Power consumption:** 0.30 kW
- **Weight:** 142 kg
- **Power supply:** 230 V / 50 Hz

Dimensions

External dimensions	1480x830x2010 mm
Insulation thickness	60 mm
Internal dimensions	1356x710x1400 mm
Packaging dimensions	1510x860x2060 mm

Technical specifications

Capacity	1400 Lt
Climate class	4
Defrosting	automatic
Electrical Power	0.30 kW
Electricity consumption	3.66 Kw/24h
Electricity consumption	792 Kw/anno
Energy efficiency class	B
Frequency	50 Hz
Maximum room temperature	43 °C
Net capacity	1340 Lt
Net weight	142 kg
Noise levels	65 db
Operating temperature	-2 +8 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	172 kg

Standard equipment

Included	6 grids and 6 pairs of guides
