Cod: 119890183279067

Digital self-cleaning electric fan-assisted oven for 10 trays (60×40 cm or GN 1/1), with steam convection, dimensions 92×84.5×116h cm, 12.7 kW, with core temperature probe

Description

Why buy it?

This **combined electric oven** offers a comprehensive solution for anyone seeking perfect cooking results in any professional setting. It is designed to combine **efficiency, versatility and advanced technology**, ensuring even heat distribution, energy efficiency and ease of use thanks to **its intuitive digital controls**. Ideal for restaurants, canteens and catering kitchens, it delivers **high performance** and is easy to maintain thanks to its **integrated self-cleaning system**.

Key features

- **Fully stainless steel body**
  Made from high-quality materials, the oven ensures **robustness, hygiene and durability**. The stainless steel withstands high temperatures and guarantees quick and safe cleaning, even with intensive daily use.
- **Capacity: 10 trays (60x40 cm) or GN 1/1**
  It offers ample cooking capacity, perfect for handling several dishes simultaneously, optimising time and productivity.
- **Combined convection and steam cooking**
  The **steam function** keeps food tender and juicy, whilst **hot-air cooking** ensures crispness and perfect browning. The two modes can be used **alternately** depending on the recipe.
- **Automatic cleaning system**
  The **built-in self-cleaning** programme removes grease residues and impurities, keeping the cooking chamber perfectly sanitised and ready for use at all times, saving a considerable amount of time.
- **Digital controls**
  The **digital controls** ensure **precision**, **efficiency** and **safety**, allowing you to manage **temperature** and **timings** accurately, **programme automatic cooking cycles** and use**an intuitive**, **easy-to-cleaninterface**.
- **Core temperature probe:** precisely monitors the internal temperature of food, ensuring perfect cooking results even for delicate dishes.

Technical specifications

- **Power supply:** Electric
- **Opening:** Front
- **Tray capacity:** 10 x 60x40 cm or GN 1/1
- **Controls:** digital
- **Electrical power:** 12.7 kW
- **Voltage:** 230/400 V
- **Weight:** 135 kg
- **External dimensions:** 92x84.5x116h cm

Dimensions

Distance between baking trays	75 mm
External dimensions	920x845x1160 mm
Internal dimensions	660x460x840 mm

Packaging dimensions	880x955x1300 mm

Technical specifications

Baking tray capacity	10 600x400 / 10 gn 1/1
Electrical Power	12.7 kW
Frequency	50/60 Hz
Net weight	135 kg
Power supply	Electric
Voltage	230 V, 400 V
Weight including packaging	160 kg

Standard equipment

Included	Probe to the heart
