Cod: 1082000209955

Ventilated steel fridge-freezer with 2 doors, capacity 1,400 litres, temperature range -15 to -22°C

Description

Why buy it?

If you're looking for a reliable solution for storing your frozen products at low temperatures, this ventilated freezer cabinet is the perfect choice. Made entirely from **stainless steel**, it combines **durability**, **a professional design** and **consistent cooling performance** thanks to its ventilated system. The **6** internal **shelves** allow for optimal organisation, whilst the **soft-close door** ensures comfort in everyday use and improved thermal insulation.

Key features

- **Stainless steel construction**
  Sturdy, hygienic and corrosion-resistant, stainless steel is the perfect material for the catering environment. It guarantees a long service life even under conditions of intensive daily use.
- **Ventilated refrigeration system**
  Thanks to **the ceiling-mounted ventilated evaporator cooling system**, cold air is distributed evenly throughout the chamber. This keeps temperatures constant even with frequent door openings.
- **6 spacious shelves**
  The interior is fitted with **six practical shelves**, designed to offer ample storage space and allow for the efficient organisation of products. Ideal for those who need to manage large volumes of food.
- **Adjustable feet for maximum stability**
  The **four feet** ensure a secure fit on the floor and can be adjusted in height to compensate for any unevenness, whilst also making it easier to clean underneath the unit.
- **Soft-close door**
  A feature designed to enhance safety and comfort during everyday use. The door closes gently and quietly, preventing knocks and the escape of cold air.
- **Excellent insulation**
  With **6 cm of insulation**, the cabinet guarantees high energy efficiency, keeping the cold inside and reducing energy consumption.

Technical specifications

- **Power supply:** Electric
- **Voltage:** 220 V
- **Frequency:** 50 Hz
- **Power consumption:** 0.72 kW
- **Energy consumption:** 13.61 kWh/24h
- **Climate class:** 4
- **Refrigerant:** R290
- **Operating temperature:** -15 °C to 22 °C
- **Net weight:** 177 kg
- **Gross weight:** 223 kg
- **Insulation:** 6 cm
- **External dimensions:** 148x83x201h cm
- **Packaging dimensions:** 151.1 x 86.1 x 205.5h cm
- **Internal dimensions:** 136.4 x 70.2 x 141.4h cm

Dimensions

External dimensions	1480x830x2010 mm
Insulation thickness	60 mm

Internal dimensions	1364x702x1414 mm
Packaging dimensions	1511x861x2055 mm

Technical specifications

Climate class	4
Electrical Power	0.72 kW
Electricity consumption	13.61 Kw/24h
Energy efficiency class	And
Frequency	50 Hz
Net weight	177 kg
Operating temperature	-22 -15 °C
Power supply	Electric
Refrigerant gas	R290
Voltage	220 V
Weight including packaging	223 kg

Standard equipment

Included	6 shelves, 530 x 650 mm
