Cod: 1148715200158

Mini ABS refrigerated freezer cabinet, 1 door, 200 litres, static, -18 to -25 °C – ZX

Description

Why buy it?

This 200-litre**stainless steel refrigerated freezer cabinet** is designed to ensure **maximum efficiency** in storing frozen food. With its elegant and durable design, it is ideal for those looking for a robust, practical product suitable for intensive use. Perfect for restaurants, cafés, patisseries and any business requiring a high-capacity, high-quality freezer.

Key features

- **Recessed handle**:
  A modern, minimalist design that allows for convenient and secure closing, reducing the risk of accidental damage or obstruction.
- **Lock included**:
  Ideal for ensuring the security of stored products. Perfect for work environments where control is essential.
- **Digital thermostat**:
  Temperature control is simple and intuitive thanks to the digital display. It can be precisely adjusted to suit every storage requirement.
- **Internal LED lights**:
  Uniform lighting that reduces energy consumption. The LED lights provide optimal visibility without generating additional heat.
- **Mobility and stability**:
  Fitted with **2 castors** for easy movement and **2 adjustable feet** to ensure perfect stability even on uneven surfaces.
- **Reliable static refrigeration**:
  This refrigeration system maintains a consistent temperature between **-18 and -25 °C**, ideal for storing frozen food without temperature fluctuations.
- **High-quality materials**:
  The interior is made from **ABS**, a durable and easy-to-clean material, whilst the exterior, made from **white painted sheet metal**, offers a professional and long-lasting finish.

Technical specifications

- **External dimensions**: 60x58.5x85h cm
- **Total capacity**: 200 litres
- **Net capacity**: 92 litres
- **Operating temperature**: -18 to -25 °C
- **Energy efficiency class**: A
- **Electricity consumption**: 565 kW/year
- **Power supply**: Electric (230 V, 50/60 Hz)
- **Refrigerant**: R290
- **Net/gross weight**: 37 kg / 46 kg

Standard features

- **2 fixed shelves**: These provide optimal organisation to make the best use of the interior space.

Dimensions

External dimensions	600x585x850 mm
Packaging dimensions	646x642x990 mm

Technical specifications

Capacity	200 Lt
Defrosting	manual
Electrical Power	0.325 kW
Electricity consumption	1.78 Kw/24h
Electricity consumption	565 Kw/anno
Energy efficiency class	A
Frequency	50/60 Hz
Net capacity	92 Lt
Net weight	37 kg
Operating temperature	-18 -25 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	static
Voltage	230 V
Weight including packaging	46 kg

Standard equipment

Included	2 fixed grids
