Cod: 39250312

Stainless steel sink / washbasin, 1-bowl, with shelf and drainer on the right, depth 70 cm, 140×70×85h cm

Description

Why buy it?

If you run a professional kitchen, you know how important it is to have a **functional**, **hygienic** and **durable** washing station. This stainless steel sink combines all these features in a single product: sturdy and compact, it makes the most of the space without compromising on practicality. The spacious basin and side drainer make everyday tasks quicker, whilst the lower shelf allows you to organise your utensils and cleaning products efficiently. An indispensable ally for keeping any workplace tidy and clean.

Key features

- **High-quality stainless steel construction**
  The structure is made entirely of **stainless steel**, a material renowned for its **resistance to corrosion**, **ease of cleaning** and **long-lasting durability**. Ideal for high-humidity environments such as professional kitchens, catering kitchens and canteens.
- **1 Spacious, deep sink**
  The sink measures **60x50x30h cm**, offering sufficient space to comfortably wash bulky crockery, pots and pans or large quantities of vegetables. Its depth ensures practical use even with heavy loads, minimising splashes and keeping the work area dry.
- **Integrated right-hand side drainer**
  The **integrated drainer on the right** is designed to make it easier to place wet crockery after washing, preventing water from spilling onto the worktop. A sloped surface helps liquids drain away, ensuring greater hygiene and tidiness.
- **Lower storage shelf**
  The **lower** stainless steel **shelf** is perfect for storing detergents, utensils or containers, helping to keep the space tidy at all times. Thanks to its raised position above the floor, it ensures practicality and cleanliness.
- **Height-adjustable feet**
  The adjustable feet allow you to adapt the height of the sink to suit different working requirements and to compensate for any unevenness in the floor. An important feature for ensuring **stability and comfort** during everyday use.
- **Compact dimensions, great functionality**
  With overall dimensions of **140 x 70 x 85h cm**, this sink fits perfectly even into compact spaces, whilst still offering a generous work surface. Its **depth of 70 cm** means it is perfectly in line with modern professional kitchen standards.

Technical specifications
