Cod: 28090285

Stainless steel sink / washbasin, single-bowl, with shelf and drainer on the left, depth 60 cm, 160×60×85h cm

Description

Why buy it?

If you're looking for a compact yet highly functional solution for the washing area of your professional kitchen, this **stainless steel sink** is the ideal choice. The design is intended to offer practicality, organisation and durability, thanks to the combination of a **spacious bowl**, a **side drainer** and an **underside shelf** that maximises workspace. The **high-quality materials** and sturdy construction make it suitable for all types of catering establishments, from small workshops to large industrial kitchens.

Key features

- **Stainless steel construction**
  Made entirely from **high-quality stainless steel**, this sink guarantees corrosion resistance, impeccable hygiene and a long service life. The material is ideal for intensive use in professional environments where cleanliness is a top priority.
- **Functional single-bowl unit**
  The sink, measuring **50x40x30h cm**, is designed to provide ample space for washing utensils, crockery and food. Its depth of 30 cm allows you to work in complete comfort, even with heavier loads.
- **Integrated left-hand drainer**
  The practical **drainer on the left-hand side** makes it easy to dry crockery or drain off excess water after washing. Its sloping surface ensures proper drainage, keeping the worktop dry and tidy at all times.
- **Lower storage shelf**
  A handy **lower shelf** provides additional space for storing detergents, buckets, containers or kitchen accessories. Ideal for making the most of the space and keeping everything within easy reach.
- **Adjustable feet**
  Fitted with **height-adjustable feet**, this sink can be adapted to any type of floor, ensuring stability even on uneven surfaces. A key advantage for working safely and in maximum comfort.
- **Compact yet generous dimensions**
  With **external dimensions of 160 x 60 x 85h cm**, it offers the perfect balance between a compact footprint and a functional work surface. Its depth of **60 cm** makes it compatible with professional kitchen standards.

Technical specifications
