Cod: 111850021242833

Electric countertop cooker with 2 hotplates, 4 kW, 30×60×28h cm

Description

Countertop electric cooker, 2 hotplates, stainless steel body. Heat-resistant knobs with functional screen-printed markings on the rim.

Heating is provided by round cast-iron electric hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material. Each hotplate is fitted with a control switch allowing the heat output to be adjusted from maximum to minimum across seven settings. Safety is ensured by a temperature limiter located inside the hotplate.

The worktop is made of pressed AISI 304 stainless steel and features an inverted counter-embossing to ensure the plates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids. Front cladding in AISI 304 stainless steel.

The worktop finish features laser-cut edges to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

. 100% Made in Italy.

Dimensions

External dimensions	300x600x280 mm
Packaging dimensions	400x700x430 mm

Technical specifications

Electrical Power	4 kW
Net weight	10 kg
Power supply	Electric
Voltage	400 V
Weight including packaging	13 kg
