Cod: 12444004312587

Class A 4-door stainless steel refrigerated counter, -2 to +8 °C, 223×60×86h cm, energy-efficient, tropicalised – QN

Description

Why buy it?

If you run a professional kitchen, a restaurant or a pizzeria, the **4-door stainless steel refrigerated counter** is an essential solution for optimising space and functionality. Thanks to its robust construction and advanced technology, it offers efficiency, hygiene and convenience. That's why it's an investment that will improve your day-to-day work:

- **Professional stainless steel design**: The **AISI 304 stainless steel** construction ensures exceptional corrosion resistance, ease of cleaning and impeccable hygiene, which is essential for compliance with HACCP regulations.
- **Versatility and generous capacity**: With a capacity of **449 litres** and four independent doors, you can organise your ingredients efficiently.

Key features

- **Stainless steel construction**: The quality of **the AISI 304 material** guarantees robustness and longevity.
- **Four doors with automatic closure**: The doors close automatically to maintain the internal temperature, preventing energy wastage. Ideal for busy environments.
- **Rounded corners for easy cleaning**: Every detail is designed to facilitate hygiene: the rounded internal corners eliminate cleaning difficulties and comply with health and safety standards.
- **Electronic thermostat**: Ensures precise and reliable temperature control, for optimal preservation of fresh and delicate foods.
- **Ventilated refrigeration with R290 gas**: Uses an environmentally friendly gas that reduces environmental impact without compromising performance. The ventilation system distributes the cold air evenly throughout each compartment.
- **Adjustable feet for perfect stability**: Adjust the height of the table to suit your kitchen's requirements, ensuring comfortable working, even on uneven floors.
- **Spacious interior with adjustable shelves**: Allows you to organise food easily. The shelves are adjustable, enabling customised use of the space.
- **Energy efficiency: Class A**: Despite its power rating of 0.30 kW, the table offers optimal performance and low energy consumption.

Technical specifications

- **External dimensions**: 223x60x86h cm
- **Internal capacity**: 449 litres
- **Operating temperature**: -2 to +8 °C
- **Refrigerant**: R290
- **Cooling** system: Fan-cooled
- **Power consumption**: 0.30 kW
- **Power supply**: Mains, 230 V, 50 Hz

Standard equipment

Included: 1 door shelf

Dimensions

External dimensions	2230x600x860 mm
Packaging dimensions	2270x640x880 mm

Technical specifications

Capacity	449 Lt
Climate class	5
Electrical Power	0.30 kW
Electricity consumption	621 Kw/anno
Energy efficiency class	A
Frequency	50 Hz
Maximum room temperature	40 °C
Net weight	125 kg
Operating temperature	-2 +8 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	151 kg

Standard equipment

Included	1 grille per door
