Cod: 112200021742232

Three-phase 10.4 kW countertop electric hob with 4 square hotplates, 80×70×25h cm

Description

Electric hob with 4 square hotplates, stainless steel body. Heat-resistant knobs with functional screen-printed markings on the rim.

Heating is provided by square cast-iron hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material. Each hob is fitted with a control switch that allows the heat output to be adjusted from maximum to minimum across seven settings. Safety is ensured by a temperature limiter located inside the hob.

The worktop is made of pressed AISI 304 stainless steel and features a reverse deep-drawn edge to ensure the plates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids. The front cladding is made of AISI 304 stainless steel.

The worktop finish features laser-cut edges to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

. 100% Made in Italy.

Dimensions

External dimensions	800x700x250 mm

Technical specifications
