Cod: 112210051742016

4-ring electric hob with open compartment, three-phase, 10.4 kW, 80×70×85h cm

Description

Electric cooker with 4 round hotplates, stainless steel body. Heat-resistant knobs with functional screen-printed markings on the rim.

Heat is generated by round cast-iron electric hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material. Each hob is fitted with a control knob that allows the heat output to be adjusted from maximum to minimum across seven settings. Safety is ensured by a temperature limiter located inside the hob.

The worktop is made of pressed AISI 304 stainless steel and features a reverse deep-drawn edge to ensure the plates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids. The front cladding is made of AISI 304 stainless steel.

The worktop finish features laser-cut edges to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	800x700x850 mm
Packaging dimensions	910x810x1080 mm

Technical specifications

Electrical Power	10.4 kW
Net weight	51 kg
Power supply	Electric
Voltage	400 V
Weight including packaging	65 kg
