Cod: 112210091752020

Electric hob with 6 square hotplates and an open compartment, three-phase, 15.6 kW, 120×70×85h cm

Description

Stainless steel construction. Handles made from heat-resistant material with functional screen-printed markings on the rim.

Heating is provided by square cast-iron electric hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material.

Each plate is fitted with a control switch that allows the heat setting to be adjusted from maximum to minimum across seven positions. Safety is ensured by a temperature limiter located inside the plate.

The worktop is made of pressed AISI 304 stainless steel and features a reverse embossed finish to ensure the plates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids. The front panel is made of AISI 304 stainless steel.

The worktop finish features laser-cut edges to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	1200x700x850 mm

Technical specifications

Electrical Power	15.6 kW
Net weight	93 kg
Power supply	Electric
Voltage	400 V
