Cod: 12904

Stainless steel table, 70×70×95h cm, on legs with frame and back panel – VS Damaged

Description

Why buy it?

This **stainless steel table** is the ideal solution for anyone looking for a **sturdy, hygienic and durable work surface** for professional kitchens, food processing facilities or food preparation areas. The **reinforced frame** ensures exceptional stability even under heavy loads, whilst**the rear splashback** protects walls from splashes and residue, keeping the worktop clean and tidy at all times.

Key features

- **AISI 201 stainless steel construction:** a material that is resistant to corrosion and wear, and easy to clean, perfect for environments where hygiene is essential. It guarantees a long service life even under conditions of intensive use.
- **Reinforced frame:** significantly increases the table's stability and load-bearing capacity, making it ideal for supporting **up to 500 kg** without warping or sagging.
- **10 cm rear splashback:** protects the wall from splashes and dirt whilst working, making daily cleaning easier and more practical.
- **Sturdy legs and a balanced structure:** ensure stable support even on uneven surfaces, keeping the worktop perfectly level at all times.
- **Functional design:** simple, clean lines that suit any professional kitchen or workshop, with a satin finish that gives it an elegant, modern look.
- **Easy maintenance:** the smooth stainless steel surface allows for quick and hygienic cleaning, reducing sanitisation times between preparations.

Technical specifications

- **External dimensions: 70x70x95h** cm
- **Packaging dimensions:** 82x75x22h cm
- **Back splash height:** 10 cm
- **Weight:** 19 kg
