Cod: 112420011822016

All-electric hob with 12.65 kW fan-assisted electric oven, 80×70×85h cm

Description

All-electric hob with a fan-assisted electric oven, stainless steel body. Heat-resistant knobs with functional screen-printed markings on the rim. Moulded, double-walled oven door and contoured handle with an elliptical cross-section made from AISI 304 stainless steel.

Extra-thick hob top with rounded edges, made from special high-temperature-resistant steel. Four independent cooking zones, each fitted with a thermostat allowing the power to be adjusted from maximum to minimum.

Worktop in AISI 304 stainless steel to ensure ease of cleaning. Front cladding in AISI 304 stainless steel.

1/1 GN electric fan-assisted oven. Oven base made of thick steel and reinforced with a series of ribs. Removable stainless steel oven rack.

Insulation of the cooking chamber and oven door is provided by a layer of high-temperature-resistant ceramic fibre.

The oven is heated by special high-temperature-resistant steel heating elements positioned beneath the base and on the ceiling of the cooking chamber. Air circulation is provided by a stainless steel fan driven by a powerful electric motor. Fitted with a thermostat allowing the temperature to be adjusted between 90°C and 300°C. Manual reset safety thermostat to prevent overheating. Option to select various heating modes, including static and fan-assisted heating, as well as bottom-up radiant heating, grill heating and all-round heating.

Laser-cut worktop finish to ensure a ‘head-to-head’ fit between worktops and secure fastening of the worktops to one another.

Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	800x700x850 mm

Technical specifications

Net weight	147 kg
Operating temperature	+90 +300 °C
Oven Power	3.65 kW
Power supply	Electric
Voltage	400 V

Standard equipment

Included	1 oven rack
