Cod: 10833001923672

Professional electric countertop fry top with smooth griddle, 9.6 kW, 80×70×47.5h cm

Description

Why buy it?

This **professional electric fry top** is the ideal solution for restaurants, bistros, hotels and catering businesses that need a **powerful and efficient smooth griddle**. Made from **stainless steel**, it guarantees maximum durability and hygiene, whilst the smooth cooking surface ensures **even cooking without food sticking**, preserving flavours and organoleptic properties. Furthermore, the practical **residue collection drawer** makes cleaning easy, helping to keep the worktop in perfect condition at all times.

Key features

- **Stainless steel construction**
  The **all-stainless-steel** construction gives this fry top high **resistance to corrosion and heat**, ensuring a long service life. Furthermore, stainless steel is **easy to clean**, always guaranteeing the highest level of hygiene, which is essential in the catering sector.
- **9.6 kW power supply**
  Thanks to its electric **power** supply and **9.6 kW output**, this fry top offers **rapid and even** cooking, reducing waiting times and optimising kitchen workflows. Perfect for those who require high performance without compromising on energy efficiency.
- **Smooth griddle for flawless cooking**
  The **smooth cooking surface** allows you to cook a wide range of foods without them sticking, ensuring even browning. Ideal for cooking meat, fish, vegetables and eggs, it enables you to achieve professional results with maximum temperature control.
- **Drip tray for easy cleaning**
  The practical **residue collection tray** collects cooking fats and liquids, making cleaning extremely quick. This feature is essential for keeping the workstation tidy at all times and ensuring maximum hygiene.

Technical specifications

- **External dimensions:** 80x70x47.5h cm
- **Packaging dimensions:** 87.5 x 81.5 x 60.5h cm
- **First cooking surface:** 79.6x49 cm
- Power**supply:** Electric
- **Material:** Stainless steel
- **Weight:** 70 kg (98 kg gross)
- **Power:** 9.6 kW
- **Residue collection drawer**

Dimensions

Dimensions of the first cooking surface	796x490 mm
External dimensions	800x700x475 mm
Height of feet	30 mm
Packaging dimensions	875x815x605 mm

Technical specifications

Electrical Power	9.6 kW
Frequency	50/60 Hz
Material	stainless steel
Net weight	70 kg
Operating temperature	+100 +300 °C
Power supply	Electric
Voltage	380 V, 415 V
Weight including packaging	98 kg

Standard equipment

Included	Residue collection tray
