Cod: 13782

Stainless steel trolley for 15 GN 1/1 trays

Description

Why buy it

The stainless steel trolley for 15 GN 1/1 trays helps with the handling of ingredients and equipment in catering environments. A practical choice for organising the equipment required for your business and coordinating operations with the type of service required.

Key features

- **Organised transport:** It provides a wheeled trolley to group items together and move them between different areas, reducing the need to transport each item separately.
- **Service support:** The type indicated in the name allows you to identify the right solution for baskets, crates or front-of-house equipment and integrate it into your operational workflow.
- **Manipulation on swivel castors:** The swivel castors help to manoeuvre the trolley whilst moving, adapting to the loads and intended conditions of use.
