Cod: 13911

Saucepan colander 103-040

Description

Why buy it

The 103-040 saucepan colander helps to drain food after washing or cooking. A useful choice for putting together the equipment needed for your business and tailoring operations to the type of service required.

Key features

- **Separation from liquids:** The openings allow liquid to drain away as intended, whilst keeping the food in the draining container.
- **Coordinated preparation:** It provides dedicated support for the draining stage and allows food to be prepared before seasoning or further processing.

Technical specifications

- **Product dimensions:** 21x21x26h cm
