Cod: 11013001021278

Indirect-heating electric saucepan, 55-litre capacity

Description

Electric saucepan, stainless steel body. Balanced stainless steel lid. Heat-resistant knobs with functional screen-printed markings on the rim.

Indirect heating via INCOLOY heating elements with a cavity and steam circulation. Pressure in the air gap controlled by a safety valve. Analogue pressure gauge and safety thermostat. Switch allowing the power to be adjusted across three settings. Operating thermostat to regulate the temperature inside the cooking vessel.

Cooking tank with an AISI 316 stainless steel base. Capacity of 55 litres.

Stainless steel worktop with rounded edges to ensure ease of cleaning.

Laser-cut worktop finish to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	800x700x850 mm

Technical specifications

Electrical Power	12 kW
Net capacity	50 Lt
Net weight	88 kg
Power supply	Electric
Voltage	400 V
