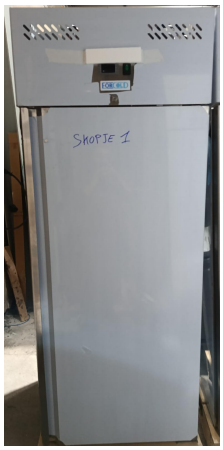
Cod: 14891

Stainless steel refrigerated freezer cabinet, 1 door, 700 litres, -18 to -22°C, fan-cooled. New, with transport damage



Description

Why buy it?

This **freezer cabinet** is designed to meet the needs of the professional catering sector. Its stainless steel construction ensures durability and hygiene, whilst the forced-air cooling system guarantees even cooling. It is a practical and reliable solution for storing your food at constant temperatures between **-18°C and -22°C**.

Key features

- **Stainless steel construction:**
  The cabinet is made entirely of **stainless steel**, a robust, corrosion-resistant and easy-to-clean material. Perfect for maintaining high hygiene standards in professional kitchens.
- **700-litre capacity:**
  This cabinet offers ample storage space, with a net capacity of **650 litres**, allowing you to organise food and ingredients efficiently thanks to the **3 adjustable shelves included**.
- **Ventilated cooling:**
  The ventilated cooling system ensures even distribution of cold air, keeping stored food at ideal and constant temperatures.
- **Energy efficiency:**
  Featuring energy class **E** and the eco-friendly **R290** refrigerant, this freezer combines high performance with environmental responsibility.
- **Electronic control:**
  The electronic thermostat allows for precise temperature adjustment, ensuring reliable and intuitive control.
- **Functional design:**
  It features **adjustable feet** for perfect stability on any surface, as well as an **interior light** that makes it easier to access and organise food.
- **Anti-corrosion treatment:**
  The structure is treated to resist corrosion, ensuring a long service life and consistent performance over time.
- **Automatic defrosting:**
  Fitted with an **electric defrosting** system, it minimises the need for manual maintenance.

Technical specifications

- **External dimensions:** 74 x 83 x 201 (h) cm
- **Internal dimensions:** 62 x 70 x 139.6h cm
- **Capacity:** 650 litres
- **Energy class:** E
- **Refrigerant:** R290
- **Operating temperature:** -18°C / -22°C
- **Net weight:** 124 kg
- **Power consumption:** 0.520 kW
- **Power supply:** 230V, 50Hz

Standard equipment

- **3 adjustable shelves:**
  These allow for flexible management of the interior space, adapting to different product sizes.

NB: The product has minor imperfections caused by transport.

Dimensions

External dimensions	740x830x2010 mm
Internal dimensions	620x700x1396 mm
Packaging dimensions	765x855x2080 mm

Technical specifications

Capacity	650 Lt
Defrosting	electric defrost
Electrical Power	0.520 kW
Energy efficiency class	And
Frequency	50 Hz
Material	stainless steel
Maximum room temperature	35 °C
Net weight	124 kg
Operating temperature	-18 -22 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Thermostat	electric
Voltage	230 V
Weight including packaging	135 kg

Standard equipment

Included	3 racks with pairs of rails
