Cod: 114290690442012

Electric bain-marie with open compartment, 1 GN 1/1-size bowl, 1 kW, 40×70×85h cm

Description

Electric bain-marie with open compartment, stainless steel construction. Knobs made from heat-resistant material with functional screen-printed markings on the rim.

Heating is provided by contact heating elements to ensure heat transfer only towards the base of the tank, thereby saving energy. Safety thermostat with manual reset to protect the heating element. Control panel featuring an ON/OFF switch and a thermostat adjustable between 30°C and 90°C, with a sensor bulb immersed in the cooking tank.

AISI 304 stainless steel worktop with wide-radius rounded corners for easy cleaning. Front, side and rear cladding in stainless steel.

Tank made from cold-formed AISI 304 stainless steel with a drain hole, suitable for trays witha maximum height of 15 cm and capable of accommodating multiple containers up to 1/1 GN size.

Tap for filling and topping up water, positioned on the control panel. Elliptical-section handles made from AISI 304. Sink drain positioned on the control panel and operated by a lever.

Laser-cut worktop finish to ensure ‘end-to-end’ alignment of worktops and secure fastening of the worktops to one another.

Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	400x700x850 mm

Technical specifications

Electrical Power	1 kW
Net weight	29 kg
Operating temperature	+30 +90 °C
Power supply	Electric
Voltage	230 V
