Cod: 115282961002155

Countertop refrigerated display cabinet, 68.2 × 45 × 67.5h cm, curved glass on all four sides, black glass, 100 litres, +2 to +10 °C

Description

Why buy it?

This **countertop refrigerated display cabinet with curved glass** is the ideal choice for showcasing fresh products such as cakes, snacks, sandwiches or ready meals, whilst keeping them at the optimum temperature between **+2 and +10 °C**. Stylish, compact and practical, it offers 360° visibility thanks to **its four glass sides** and showcases every product with **internal LED lighting**. It is designed for those seeking a **reliable and professional solution** that is also easy to use and can be integrated into any counter or sales area.

Key features

- **Internal LED lighting**
  The LED lights positioned inside the display cabinet ensure **uniform, energy-efficient illumination**, highlighting the aesthetic appeal of the products on display and enhancing the visual impact for the customer.
- **Digital temperature control**
  Thanks to **the digital thermostat with display**, you can monitor the temperature at all times. The system allows for precise adjustment, making it easy to use on a day-to-day basis.
- **Adjustable PVC-coated shelves**
  The display cabinet is fitted with **two** height-adjustable, **plastic-coated shelves**, allowing you to customise the interior space to suit the size of the products. The PVC coating ensures **durability and hygiene**.
- **Double-layered, tempered, curved front glass**
  The curved glass adds a modern and attractive aesthetic touch, whilst the double-glazed construction enhances its **impact resistance and thermal efficiency**, reducing cold air loss.
- **Rear sliding glass doors**
  The rear opening with **sliding glass doors** makes it easier to load and remove products, reducing the footprint and improving ease of use.
- **Ventilated cooling system**
  Ventilated cooling ensures a **uniform temperature across all shelves**, keeping food fresh for longer and ready to be served at its best.
- **Automatic defrost**
  Forget about manual maintenance: the **automatic defrost** system prevents ice build-up, maintaining consistent performance and reducing downtime.
- **Separate power buttons**
  The **separate switches** allow you to switch the lighting and the cooling system on or off independently, optimising energy consumption.

Technical specifications

- **External dimensions:** 68.2 x 45 x 67.5h cm
- **Packaging dimensions:** 75.6 x 52.4 x 76h cm
- **Capacity:** 100 litres
- **Climate class:** 4
- **Energy efficiency class:** B
- **Refrigerant:** R134A, R600A
- **Operating temperature:** +2 / +10 °C
- **Power consumption:** 0.22 kW
- Power**supply:** Mains
- **Net/gross weight:** 35 / 39 kg
- **Defrosting:** Automatic
- **Thermostat:** Ventilated
- **Standard fittings:** 2 plastic-coated shelves

Dimensions

External dimensions	682x450x675 mm
Packaging dimensions	756x524x760 mm

Technical specifications

Capacity	100 Lt
Climate class	4
Defrosting	automatic
Electrical Power	0.22 kW
Energy efficiency class	B
Net weight	35 kg
Operating temperature	+2 +10 °C
Power supply	Electric
Refrigerant gas	R600A
Thermostat	ventilated
Weight including packaging	39 kg

Standard equipment

Included	2 plastic-coated grids
