Cod: 4462

Electric Convection Oven with Humidification, 4 Trays, 60×40 cm

Description

A single-phase oven characterised by great character and equally great versatility. It really does fit into any premises, adapting not only to the available space but also to any type of mains supply. Designed to meet the needs of small patisseries and bakeries, it will be a valuable aid in the preparation of bread rolls and pastries, including frozen ones.
