Cod: 115480064422987

Dual-temperature display fridge for drinks and pastries, with glass on all four sides, white, 68 litres, +2, +10/+30, +90 °C, 44.7 × 40 × 89.4h cm

Description

Why buy it?

This display fridge is designed for those looking for a versatile and functional piece of equipment, capable of stylishly displaying both drinks and pastries. Thanks to its **dual-temperature** system, it can function as both a refrigerated display and a heated display, allowing it to adapt to a range of needs. The four-sided glass construction ensures maximum visibility, making it ideal for cafés, patisseries, bakeries, restaurants and hotels.

Key features

- **LED light strip**
  The internal LED lighting shows off the displayed products to their best advantage, making them look more appetising and clearly visible. The light is uniform, energy-efficient and designed to last, ensuring significant energy savings.
- **Thermostat and digital display**
  Temperature control is simple and precise thanks to the electronic thermostat and the handy digital display. With just a few taps, you can adjust the operating mode and check the set values in real time.
- **Adjustable chrome-plated shelves**
  The internal chrome-plated steel shelves are height-adjustable, allowing you to adapt the space to accommodate bottled drinks, pastry trays or single-portion items. The sturdy construction ensures stability and a long service life.
- **Double glazing on all four sides**
  The display cabinet is fitted with **double-glazed insulation** on all sides, ensuring excellent visibility of the products without heat loss. Furthermore, its elegant design makes it suitable for sophisticated settings.
- **Ventilated cooling system**
  Ventilated cooling ensures an even distribution of temperature, preventing sudden temperature fluctuations and guaranteeing optimal preservation of drinks and pastries.
- **Automatic defrosting**
  The **automatic defrost** system prevents ice build-up without the need for manual intervention, ensuring the appliance always performs at its best.
- **Glass anti-fogging system**
  Even in damp environments or areas with high footfall, the glass remains perfectly clear at all times, thanks to the anti-fog system which ensures maximum visibility.
- **Dual-function switch**
  With a simple control, you can select **either** the **cold or hot** function, making the display fridge extremely versatile. Perfect for storing and displaying chilled drinks, desserts or even products that need to be kept warm.

Technical specifications

- **External dimensions:** 44.7 x 40 x 89.4h cm
- **Packaging dimensions:** 50.2 x 45.6 x 93.5h cm
- **Capacity:** 68 litres
- **Power:** 0.50 kW
- **Climate class:** 4
- **Energy efficiency class:** B
- **Refrigerant:** R134A, R600A
- **Net weight:** 36 kg
- **Cooling:** fan-assisted
- **Defrosting:** automatic
- **Fittings:** 3 adjustable shelves

Dimensions

External dimensions	447x400x894 mm
Packaging dimensions	502x456x935 mm

Technical specifications

Capacity	68 Lt
Climate class	4
Defrosting	automatic
Electrical Power	0.50 kW
Energy efficiency class	B
Net weight	36 kg
Operating temperature	+2 +10, +30 +90 °C
Power supply	Electric
Refrigerant gas	R600A
Refrigeration	ventilated
Weight including packaging	38 kg

Standard equipment

Included	3 adjustable racks
