Cod: 39690306

Single-bowl stainless steel sink with dishwasher compartment on the right, 140×60×85h cm

Description

Why buy it?

If you run a professional kitchen, you know how important it is to have a functional, sturdy and well-organised sink. This **stainless steel sink** with **a single bowl and drainer** is designed to offer practicality and hygiene in any catering environment. The **dishwasher compartment on the right-hand side** allows you to save valuable space and organise your washing-up tasks more effectively. Compact in size yet generous in performance, it is the perfect ally for restaurants, delis, canteens and food processing facilities.

Key features

- **High-quality AISI stainless steel construction**
  Made entirely from **stainless steel**, this sink ensures **resistance to corrosion**, **ease of cleaning** and a long service life, even in damp environments or under intensive use. A hygienic and professional choice for any commercial kitchen.
- **Spacious bowl to meet all washing needs**
  The **50x40x30h cm** bowl offers **ample space** for washing crockery, pans, utensils and food. The 30 cm depth allows you to handle large volumes without splashing or water spilling over.
- **Convenient integrated drainer**
  Positioned next to the sink, the **drainer** is perfect for allowing plates and crockery to dry naturally or for placing wet utensils, preventing water from accumulating on the worktop.
- **Integrated dishwasher compartment on the right-hand side**
  The sink unit is designed to accommodate a **professional dishwasher on the right-hand side**, making the most of the available space beneath the worktop and facilitating the insertion and removal of the baskets. An efficient and tidy space-saving solution.
- **Lower storage shelf**
  The lower shelf allows you to **keep detergents, buckets, utensils or other accessories tidy**, keeping everything within easy reach without cluttering the worktop. Ideal for a workstation that's always organised.
