Cod: 115780030122975

3-door stainless steel refrigerated freezer table, -18 to -22 °C, 179.5 × 70 × 85h cm, monobloc – FC

Description

GN1/1 deli refrigerated counters with forced-air cooling. Built-in, removable cooling unit for easy maintenance, circular flow of cold air so that it does not come into direct contact with the product, electronic temperature control with a digital thermostat, an electric heating element around the door frame to prevent condensation, automatic defrosting, automatic control of the defrost temperature and automatic evaporation of condensate; the evaporator is treated to prevent corrosion. The counters are fitted with a monobloc refrigeration unit, a plug-in refrigeration system characterised by quick and easy installation or removal/replacement. The monobloc is made of plastic with high thermal insulation and is fully recyclable. Door with return spring; door seal removable without tools; base with rounded corners; doors easily interchangeable with two- and three-drawer units; and easily removable drawer units with stainless steel telescopic runners.

Dimensions

External dimensions	1795x700x850 mm
Insulation thickness	60 mm
Internal dimensions	1335x530x560 mm
Packaging dimensions	1825x730x880 mm

Technical specifications

Capacity	417 Lt
Defrosting	automatic
Electrical Power	0.675 kW
Energy efficiency class	And
Frequency	50 Hz
Material	stainless steel
Maximum room temperature	35 °C
Net weight	117 kg
Operating temperature	-18 -22 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	137 kg

Standard equipment

Included	3 GN1/1 racks and 3 pairs of rails
