Cod: 108340011042631

Professional gas fry-top grill on a cabinet with a smooth griddle, 20 kW, 80×90×114h cm

Description

Why buy it?

If you're looking for a **robust, reliable and versatile** solution for professional-style grilling, this fry top is the one for you. Designed to deliver **high performance** even in the most demanding environments of a professional kitchen, it combines the **durability of stainless steel**, the **convenience of a freestanding unit** and the **versatility of dual gas supply (natural gas or LPG)**. With a smooth surface that's very easy to clean and ideal for even cooking, this fry top ensures perfect results every time.

Key features

- **Gas-fired with 20 kW power output**
  Thanks to its **gas** supply, this fry top guarantees **rapid temperature rise** and **precise heat control**, ideal for professional catering. The **20 kW power output** ensures fast and even cooking, even for large quantities of food.
- **Smooth stainless steel cooking surface for flawless cooking**
  The **smooth stainless steel cooking surface** measures **69.4 x 79.6 cm** and offers a generous working area. Perfect for meat, vegetables, eggs and fish, it ensures **even cooking**, prevents food from sticking and makes cleaning easy.
- **Fully stainless steel construction**
  Constructed from **high-quality stainless steel**, this fry top is corrosion-resistant, easy to sanitise and designed to last, even in demanding working environments.
- **Convenient and safe piezoelectric ignition**
  The **piezoelectric ignition** system makes it easy to start the appliance: a single click is all it takes to light the flame safely, without the need for matches or lighters.
- **Unit with integrated hinged door**
  The fry top is mounted on a **sturdy cabinet** fitted with **a hinged door**, ideal for storing utensils, accessories or cleaning products, keeping the kitchen tidy and functional.
- **Drawer for collecting cooking residues**
  Included as standard, the **pull-out** residue collection **drawer** makes daily cleaning easier and improves hygiene on the worktop.
- **½-inch gas connection hose included**
  Ready for use with the **½-inch gas connection hose**, which complies with professional kitchen standards.
- **Methane to LPG conversion kit included**
  The product comes with **a kit for converting the fuel supply from natural gas to LPG**, making it versatile and suitable for any system in your kitchen.
