Cod: 117420013132

Stainless steel table on legs with 2 drawers, base panel and splashback, 200×70×95h cm - VS

Description

Why buy it?

This stainless steel table with two drawers and a base shelf is the perfect choice for anyone looking for a professional solution that combines durability, practicality and hygiene. Thanks to its robust design and advanced features, it is ideally suited to professional kitchens, food processing facilities and high-intensity work environments. The combination of **SS201 and 304 stainless steel**, **compliance with hygiene standards** and well-designed details make it a long-lasting investment.

Key features

- **SS201 and 304 stainless steel construction**
  The structure combines two types of stainless steel to ensure **corrosion resistance** and durability. Ideal for professional environments, it is easy to clean and withstands daily wear and tear.
- **Adjustable feet**
  The adjustable feet allow the table to be adapted to any surface, ensuring **optimum stability** even on uneven floors. Perfect for ensuring a worktop that is always level and safe.
- **2 spacious and practical drawers**
  The drawers provide additional space for organising utensils, accessories or work tools. Thanks to the sliding mechanism, they open smoothly and their contents are always within easy reach.
- **Reinforced base**
  The base is designed to support a maximum load of **300 kg**, making it ideal for storing heavy equipment without compromising the table's stability.
- **Raised panel and edges**
  The raised edges provide greater **protection against splashes and spills**, keeping the workspace clean and organised.
- **Compliance with hygiene standards**
  Designed in accordance with hygiene regulations, the table is easy to sanitise, helping to maintain a safe and compliant working environment.
- **Scotch-Brite finish**
  The Scotch-Brite satin finish not only enhances the table's appearance but also makes cleaning easier, providing a smooth, fingerprint-resistant surface.
