

Cod: 118490140623169

Vertical drinks display fridge with two white glass doors, +0 to +10 °C, 600 litres, 100 x 59 x 197h cm

Description

Why buy it?

Choosing this **vertical glass-fronted drinks fridge** means opting for a reliable, spacious and highly functional solution for displaying and storing drinks at the ideal temperature. The **two glass doors** showcase the products and encourage customers to buy, whilst the sturdy construction and features designed for professional environments make it perfect for those seeking quality, efficiency and style in a single unit.

Key features

- **Internal LED lighting**
The integrated LED lighting enhances the interior of the fridge, making the drinks clearly visible even in dimly lit environments. An essential detail for boosting visual impact and the desire to buy.
- **Digital temperature control**
A simple and effective system that allows you to adjust the cooling level intuitively, maintaining a constant temperature between **0°C and +10°C** – ideal for keeping drinks chilled and ready to serve.
- **Adjustable thermostat**
The thermostat allows for precise control, adapting to different types of products to be stored, from soft drinks to flavoured waters.
- **Adjustable shelves**
The shelves supplied (4 per door) are fully **height-adjustable**, allowing you to adapt the interior space to different bottle and can sizes, improving organisation.
- **Anti-fog function**
The **glass doors** are fitted with an anti-condensation system that ensures constant visibility, even in the most humid conditions or when the fridge is opened frequently.
- **Castors for easy movement**
The fridge is fitted with **sturdy castors**, perfect for moving it effortlessly whilst cleaning or reorganising the room.
- **Key-operated lock**
An ideal solution for those who wish to control access to the fridge's contents, particularly in self-service premises or outside opening hours.
- **Ventilated cooling**
The **ventilated cooling** system ensures **even distribution of cold air**, preventing any areas from becoming too cold or too warm. Ideal for the optimal and consistent storage of all drinks.

Technical specifications

- **External dimensions: 1000x590x1970 mm**
- **Packaging dimensions: 1060x630x2030 mm**
- **Power supply: Electric**
- **Capacity: 600 litres**
- **Energy efficiency class: B**
- **Electricity consumption: 1001 kW/year**
- **Frequency: 50 Hz**
- **Refrigerant: R600A**
- **Gross weight: 125 kg**
- **Net weight: 110 kg**
- **Electrical power: 0.39 kW**
- **Cooling: ventilated**
- **Defrosting: automatic**
- **Operating temperature: 0 to +10 °C**
- **Voltage: 230 V**
- **Included: 4 adjustable shelves per door**

Dimensions

External dimensions	1000x590x1970 mm
Internal dimensions	920x456x1285 mm
Packaging dimensions	1060x630x2030 mm

Technical specifications

Capacity	600 Lt
Defrosting	automatic
Electrical Power	0.39 kW
Electricity consumption	1001 Kw/anno
Energy efficiency class	B
Frequency	50 Hz
Net weight	110 kg
Operating temperature	0 +10 °C
Power supply	Electric
Refrigerant gas	R600A
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	125 kg

Standard equipment

Included	4 adjustable shelves per door
