Cod: 121292026

Stainless steel table, 180 × 70 × 85h cm, on legs with a VS frame

Description

Why buy it?

This **stainless steel table with a frame** is the ideal solution for anyone seeking **stability, hygiene and durability** in a professional kitchen or food preparation area. Its sturdy construction allows you to work in complete safety, even with heavy loads. It is a worktop that combines **functionality and durability**, perfect for everyday use in the catering sector and beyond.

Technical specifications

- **AISI 201 stainless steel frame**
  Made from **high-quality stainless steel**, which is corrosion-resistant and easy to clean. This material ensures impeccable hygiene, which is essential in professional environments such as kitchens, canteens, food processing facilities and delis.
- **Integrated reinforcement frame**
  The table is fitted with **a support frame** that enhances its strength and stability, even during the most intensive use. This feature makes it ideal for supporting machinery, equipment or foodstuffs during preparation.
- **Load capacity of up to 500 kg**
  The high load capacity allows it to support **heavy loads** without warping or sagging. Perfect for continuous use in industrial kitchens, laboratories or workshops where a reliable work surface is required.
- **Simple and functional design**
  The table features **clean, modern lines** that blend easily into any professional environment. The absence of sharp edges and the smooth surface make cleaning and sanitising a breeze.
- **Easy assembly and minimal maintenance**
  Thanks to its modular structure and durable materials, the table is **easy to assemble** and requires very little maintenance over time. A long-lasting investment for those seeking quality and practicality.
