**Cod: 12151**

# 2-door stainless steel refrigerated counter with splashback, -2 to +8 °C, 136×60×85h cm, tropicalised

## Description

Why buy it?

If you run a professional kitchen, a restaurant or a pizzeria, this **2-door stainless steel refrigerated counter** is an essential solution for optimising space and functionality. Thanks to its robust construction and advanced technology, it offers efficiency, hygiene and convenience. That's why it's an investment that will improve your day-to-day work:

- **Energy efficiency and forced-air cooling**: It keeps your food at the ideal temperature (-2 to +8 °C), even in hot environments of up to **43 °C**. Perfect for demanding working conditions.
- **Professional stainless steel design**: The **AISI 304 stainless steel** construction ensures exceptional corrosion resistance, ease of cleaning and impeccable hygiene, essential for compliance with HACCP regulations.
- **Versatility and spacious capacity**: With a capacity of **205 litres** and two independent doors, you can organise your ingredients optimally.

Key features

- **Stainless steel construction with integrated splashback**: The quality of **the AISI 304 material** guarantees robustness and longevity, whilst the splashback acts as **a protective barrier** for the rear wall, preventing splashes during food preparation.
- **Two self-closing doors**: The doors close automatically to maintain the internal temperature, preventing energy wastage. Ideal for busy environments.
- **Rounded corners for easy cleaning**: Every detail is designed to facilitate hygiene: the rounded internal corners eliminate cleaning difficulties and comply with health and safety standards.
- **Dixell electronic thermostat**: Ensures precise and reliable temperature control, for the best possible preservation of fresh and delicate foods.
- **Ventilated refrigeration with R290 gas**: Uses an environmentally friendly gas that reduces environmental impact without compromising performance. The ventilation system distributes the cold air evenly throughout each compartment.
- **Adjustable feet for perfect stability**: Adjust the height of the table to suit your kitchen's requirements, ensuring comfortable working conditions even on uneven floors.
- **Spacious interior with adjustable shelves**: Allows you to organise food easily. The shelves are adjustable, enabling customised use of the space.
- **Energy efficiency class C**: Despite its power rating of 0.21 kW, the table offers optimal performance and low energy consumption.

Technical specifications

- **External dimensions**: 136x60x85h cm
- **Splashback height:** 10 cm
- **Internal capacity**: 205 litres
- **Operating temperature**: -2 to +8 °C
- **Maximum ambient temperature**: 43 °C
- **Refrigerant**: R290
- **Cooling** system: Fan-cooled
- **Power consumption**: 0.21 kW
- **Power supply**: Mains, 230 V, 50 Hz
- **Compressor**: Embraco
- **Thermostat**: Dixell

Standard equipment

**Included:** 2 shelves and 2 pairs of rails

SKU: 115360020162258

**2-door stainless steel refrigerated counter, -2 to +8 °C, 136×60×85h cm, tropicalised – AH**

**Dimensions**

| | |
|---|---|
| External dimensions | 1360x600x850 mm |
| Internal dimensions | 796x480x600 mm |
| Packaging dimensions | 1400x630x890 mm |

**Technical specifications**

| | |
|---|---|
| Capacity | 205 Lt |
| Defrosting | automatic |
| Electrical Power | 0.21 kW |
| Electricity consumption | 1.94 Kw/24h |
| Energy efficiency class | C |
| Frequency | 50 Hz |
| Maximum room temperature | 43 °C |
| Net weight | 58 kg |
| Noise levels | 65 db |
| Operating temperature | -2 +8 °C |
| Power supply | Electric |
| Refrigerant gas | R290 |
| Refrigeration | ventilated |
| Voltage | 230 V |
| Weight including packaging | 75 kg |

**Standard equipment**

| | |
|---|---|
| Included | 2 grids measuring 43 x 32.5 cm and 2 pairs of rails |

SKU: acc-alzatinabin

**Backsplash 1360 x 20 x 100h mm**
