Cod: 1082000106355

Ventilated steel fridge-freezer cabinet with 1 door, capacity 700 litres, temperature range -15 to -22°C

Description

Why buy it?

If you're looking for a reliable solution for storing your frozen products at low temperatures, this ventilated freezer cabinet is the perfect choice. Made entirely from **stainless steel**, it combines **durability**, **a professional design** and **consistent cooling performance** thanks to its ventilated system. The **three** internal **shelves** allow for optimal organisation, whilst the **soft-close door** ensures ease of use in everyday life and improved thermal insulation.

Key features

- **Stainless steel construction**
  Sturdy, hygienic and corrosion-resistant, stainless steel is the perfect material for the catering environment. It guarantees a long service life even under conditions of intensive daily use.
- **Ventilated refrigeration system**
  Thanks to **the ceiling-mounted fan-assisted evaporator**, cold air is distributed evenly throughout the chamber. This keeps temperatures constant even with frequent door openings.
- **3 spacious shelves**
  The interior is fitted with **three practical shelves**, designed to offer ample storage space and allow for the efficient organisation of products. Ideal for those who need to manage large volumes of food.
- **Adjustable feet for maximum stability**
  The **4 feet** ensure a secure fit on the floor and can be adjusted in height to compensate for any unevenness, whilst also making it easier to clean underneath the unit.
- **Soft-close door**
  A feature designed to enhance safety and comfort during everyday use. The door closes gently and quietly, preventing knocks and the escape of cold air.
- **Excellent insulation**
  With **6 cm of insulation**, the cabinet guarantees high energy efficiency, keeping the cold inside and reducing energy consumption.

Technical specifications

- **Power supply:** Electric
- **Voltage:** 220 V
- **Frequency:** 50 Hz
- **Power consumption:** 0.52 kW
- **Energy consumption:** 8.26 kWh/24h
- **Climate class:** 4
- **Refrigerant gas:** R290
- **Operating temperature:** -15 °C to -22 °C
- **Net weight:** 115 kg
- **Gross weight:** 143 kg
- **Insulation:** 6 cm
- **External dimensions:** 740x83x201h cm
- **Packaging dimensions:** 77.1x86.1x205.5h cm
- **Internal dimensions:** 62.4x70.2x141.4h cm

Dimensions

External dimensions	740x830x2010 mm
Insulation thickness	60 mm

Internal dimensions	624x702x1414 mm
Packaging dimensions	771x861x2055 mm

Technical specifications

Climate class	4
Electrical Power	0.52 kW
Electricity consumption	8.26 Kw/24h
Energy efficiency class	And
Frequency	50 Hz
Net weight	115 kg
Operating temperature	-22 -15 °C
Power supply	Electric
Refrigerant gas	R290
Voltage	220 V
Weight including packaging	143 kg

Standard equipment

Included	3 shelves, 530 × 650 mm
