Cod: 122220024893322

Upright fridge-freezer, 163.4 × 65.3 × 90 (h) cm, 516 litres, dual temperature range +10 to -18 °C, with sliding glass doors

Description

Why buy it?

This chest fridge-freezer is the perfect choice for those seeking **versatility** and **optimal use of space**, without compromising on **safety** and **energy efficiency**. It is ideal for professional environments such as restaurants, delis, canteens and kitchens that require both positive and negative refrigeration in a single unit. Sturdy, easy to handle and with attention to detail, it allows you to safely store a wide range of food, from frozen to fresh produce.

Key features

- **Dual temperature control from +10 to -18 °C**
  Thanks to the adjustable dual temperature setting, you can use this chest freezer as both a fridge and a freezer. This feature allows for maximum **operational flexibility**, easily adapting to seasonal requirements or different types of produce.
- **Sliding glass doors**
  The glass doors make it easy to see the contents without having to open the freezer, helping to improve energy efficiency. The sliding design optimises space, making the freezer ideal even for confined spaces.
- **Pre-painted steel exterior**
  The outer casing is made from **pre-painted steel**, a durable, easy-to-clean material that is ideal for professional environments. It also offers good resistance to impact and corrosion.
- **Adjustable mechanical thermostat**
  Temperature control is easy and intuitive, thanks to the **mechanical thermostat**. It allows you to set the ideal range according to your operational needs.
- **Manual defrost**
  The **manual defrost** system gives you greater control over maintenance operations and allows you to decide when to intervene, preventing unexpected interruptions to the refrigeration cycle.
- **Wheels for easy movement**
  Fitted with **castors**, this cold cabinet can be moved effortlessly even by a single person, making it easier to clean and reorganise the space in your premises.
- **Lockable**
  The **lock** provides extra protection for your products, particularly in shared areas or where there is a risk of unauthorised access.

Technical specifications

- **External dimensions:** 163.4 x 65.3 x 90h cm
- **Packaging dimensions:** 168 x 72 x 98h cm
- **Total capacity:** 439 litres
- **Energy class:** C
- **Annual electricity consumption:** 1,533 **kW/year**
- **Refrigerant:** R290
- Power**supply: Electric**
- **Operating temperature:** from +10 °C to -18 °C

Dimensions

Basket dimensions	560x280x208 mm
External dimensions	1634x653x900 mm
Insulation thickness	70 mm

Internal dimensions	1483x505x645 mm
Packaging dimensions	1680x720x980 mm

Technical specifications

Capacity	516 Lt
Climate class	4
Defrosting	manual
Electrical Power	0.28 kW
Electricity consumption	4 Kw/24h
Electricity consumption	1533 Kw/anno
Energy efficiency class	C
Frequency	50 Hz
Net capacity	439 Lt
Net weight	64 kg
Noise levels	57 db
Operating temperature	0 +10, 0 -18 °C
Power supply	Electric
Refrigerant gas	R290
Thermometer	mechanical
Voltage	230 V
Weight including packaging	82 kg
