Cod: 1148715200431

Mini ABS refrigerated cabinet, 1 door, 200 litres, ventilated, -2 to +10 °C – ZX

Description

Why Buy It?

The 200-litre ZX refrigerated cabinet is the ideal solution for anyone looking for a **functional, robust and versatile** product. Perfect for storing food in restaurants, cafés, hotels or food preparation facilities, it combines advanced technology with a practical and modern design. Its **high-quality materials** and **additional features** make it a long-lasting investment.

Key Features

- **Recessed handle**:
  A modern, minimalist design that allows for convenient and secure closing, reducing the risk of accidental damage or obstruction.
- **Lock included**:
  Ideal for ensuring the security of stored items. Perfect for work environments where control is essential.
- **Digital thermostat**:
  Temperature control is simple and intuitive thanks to the digital display. It can be precisely adjusted between **-2 and +10 °C** to suit all storage requirements.
- **Internal LED lights**:
  Uniform lighting that reduces energy consumption. The LED lights provide optimal visibility without generating additional heat.
- **Mobility and stability**:
  Fitted with **2 castors** for easy movement and **2 adjustable feet** to ensure perfect stability even on uneven surfaces.
- **Ventilated cooling**:
  Ensures even temperature distribution, eliminating hot spots and guaranteeing that food is always kept at the desired temperature.
- **High-quality materials**:
  The interior is made from **ABS**, a durable and easy-to-clean material, whilst the exterior, made from **white painted sheet metal**, offers a professional and long-lasting finish.

Technical Specifications

- **External dimensions**: 60x58.5x85h cm
- **Total capacity**: 200 litres
- **Net capacity**: 113 litres
- **Operating temperature**: -2 to +10 °C
- **Energy efficiency class**: A
- **Electricity consumption**: 234 kW/year
- **Power supply**: Mains (230 V, 50/60 Hz)
- **Refrigerant**: R600A
- **Net/gross weight**: 36 kg / 45 kg

Standard features

- **3 adjustable shelves**: Maximum flexibility for organising the interior space to suit specific requirements.

Dimensions

External dimensions	600x585x850 mm
Packaging dimensions	646x642x990 mm

Technical specifications

Capacity	200 Lt
Defrosting	manual
Electrical Power	0.20 kW
Electricity consumption	0.78 Kw/24h
Electricity consumption	234 Kw/anno
Energy efficiency class	A
Frequency	50/60 Hz
Net capacity	113 Lt
Net weight	36 kg
Operating temperature	-2 +10 °C
Power supply	Electric
Refrigerant gas	R600A
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	45 kg

Standard equipment

Included	3 adjustable racks
